Additional booking clauses

1. The fee includes access to nets and flags. Teams are responsible for setting up and taking down flags, and nets can remain in place for the season.
2. The hirer is responsible for checking the changing rooms to ensure they are left clean and tidy after each booking. The site should be left secure on leaving (fully locked, including padlocks). This includes leaving the site to play on pitch 2. Failure to comply with these clauses will result in a cleaning charge of £15 per changing room and a site charge for premises not secured of £25. Failure to continue to comply may result in your hire being terminated.
3. The hirer is responsible for checking pitches prior to use to determine whether they are fit for the purpose; the pavilion's management takes no responsibility for this whatsoever.
