

Bower Lane Road Closures.

As part of the Agratas project based at the Gravity site near Puriton, we are currently working to deliver the first mains electricity connection for the site. Our contractors JSM and Indigo Networks will be starting work to connect electricity cables under the southern section of Bower Lane.

The work will take place in two phases:

- From 20 to 27 April there will be a full closure at the south end of Bower Lane.
- Southbound access for residents and business will be maintained up to the Bower Inn and Butterflies Day Nursery.
- Northbound and all other traffic will need to follow the diversion route along Whitfield Road and Eastern Avenue.
- Then, from 27 April for the remainder of the roadworks, multi way signals will in place at the southern end of Bower Lane.

JSM are committed to completing these roadworks with minimal disruption to residents and local businesses. Should you require any further information regarding this work please contact the JSM team as follows:

Call: 0800 0350708, during working hours (Monday – Friday 08:00 – 16:00)

Email: enquiries@jsmgroup.com

We appreciate that these roadworks will cause some disruption, and we thank you for your patience as we carry out this essential work for the Agratas project.

If you have any general questions about the project, please email the Agratas team via communityuk@agratas.com
